**Saves Steps
— Saves Staples**

Model T-1 Hansco Tacker. First Tacker in tack history that drives Tacks. Drives T-head Tacks $\frac{3}{16}$ " to $\frac{1}{2}$ " lengths. Ideal for Tacking wood letters, etc.

Better Equipped Display Men Use HANSEN TACKERS

PIONEERING in the manufacture of one-hand Tackers for installing displays, backgrounds, covering panels, tacking up posters, etc., HANSEN has supplied the requirements of Display Men noted for being "better equipped". Every really modern display department uses Hansen Tackers.

A Complete Line of Tackers and Staples for Every Display Purpose

The three Tackers shown are examples of the wide variety of Models made by Hansen, making it possible for the Display Man to have special display work. Hansen makes 36 different Models of Tackers and Staplers, and staples in 54 different lengths and widths.

How well equipped is your Display Department? Rarely will you find a Display Man who does not use at least *one* Model of Hansen Tackers. Some use two or more. Many have added the Model T-1 that drives T-head Tacks.

HANSEN VEST-KIT, shown below, provides a convenient supply of staples as near as the vest pocket. Packed 1,000 staples per Vest-Kit; 5,000 staples per box of five Kits.

DISPLAY MEN! Here's the latest improvement in Tacker design. Simplifies Tacker servicing. Keeps Tackers tacking. It's the Hansen BLUE-LINE Tacker with the new Take-up Jaw. Easy to remove and replace jaw.

Quick-Opening Take-up Jaw. Split-second inspection is made simply by pressing thumb against cap, swinging jaw down and outward. Reversing this operation replaces jaw. Gripping handle tightens jaw. All done—in a few seconds!

Easier Inspection. No screws to remove—no tools required. Removal and replacement of jaw with quick movement of hands only. Permits easier on-the-job inspection.

More Tacking Hours. Quicker inspection. Easier servicing. Faster tacking. Display Men—investigate!
